NEWSLETTER

January 2014

Dear Clubmembers; We have a new editor for our newsletter, but we are still working out all the details for her. Unfortunately the holidays interrupted our plans and so now we have to improvise a quick January newsletter until we can get an official one for next month with rescue birds and all the usual information. Which is important, because next month marks our TWENTIETH ANNIVERSARY as a club!

But in the meantime, we have to deal with the January newsletter to the best of our ability, and I fear my best is not very good. But it will have to do.

The first order of business is to notify you that we will be having a quarterly board meeting at 6:00 p.m. in our normal meeting room, N1100 at the County Complex, 2001 South State in Salt Lake City. All members are invited to attend.

Our regular meeting will start in the same room at 7:00 p.m., as usual. The Board would like to do something special for our January meeting. Anniversaries are a time of reflection, upon good and bad of the past, and what we can learn from them. So for our twentieth anniversary we will open the meeting to all attending members to talk about how to improve the club, enhance our membership, gain new foster families, and other general thoughts for making it a better club for everyone. We have literally been in business for twenty years (minus one month) and certainly once every twenty years we can talk about ways to improve things. So I hope everyone interesting in improving the WAES will attend and offer suggestions for making the club better for everyone. See you there!

Chase Kimball
Vice President, WAES
