## JANUARY SPEAKER

### EARTHWINGS Bird Show

[www.earthwings.org](http://www.earthwings.org)

We are excited to announce that Earthwings will be doing a bird show at our January meeting. They will be bringing an owl, hawk, falcon, and a crow to share with us. So please come and enjoy this special meeting.

Earthwings provides educational programs and displays for schools, businesses and special events throughout Utah. They help people of all ages understand, respect and appreciate the unique natures, abilities and majesty exhibited by our live birds in on-site demonstrations.

Their goal is for people to learn more about these fascinating creatures so they will understand and respect them and their habitats, and become grassroots conservationists, who help ensure the safety and survival of birds and all natural wildlife and their environments.

In time, they hope to expand their work with wildlife and education, and open a public wildlife center in Utah.

## WAES CLUB MEETING

**January 9, 2016**
