Wasatch Avian Education Society

October: 2019

Dear All;

I am very excited about our October meeting. With the retirement of Dr. Doug Folland, one of the premier avian vets in Utah, the clinic has hired Dr. Natalie Antinoff, who is now one of only three board certified avian vets in all of Utah. She has huge shoes to fill, and I have been dying to get her to come speak with us ever since she came to Utah to take over for Dr. Folland. Thanks to the efforts of our Vice President, Sophia Blankevoort, that dream will now come true. Her topic is as important and timely as it could be; "How do you know when you need to take your bird to the vet?" This will be a very important meeting, and I urge you all to come and meet our newest and one of our most distinguished avian veterinarians, Dr. Natalie Antinoff, this coming Saturday night at 7 at the County Complex.

WAES member Anna West makes the most creative, pretty and interactive foraging and play toys for birds. She has been making some of these toys for our foster birds, and Audrey Hollaar has been shipping them out to our foster parents. This is a big shout out to Anna to say "Thank You!" for all the wonderful toys, and for thinking of our foster birds.

Upcoming Event: Come show your love for Ronie's
