President's Message

Dear All;

We got an email from the County Complex a few weeks ago, stating that all meetings are cancelled until at least June. So the year that won't end is still not ending. But, as I have noted in my previous messages, things are still very active in rescue, in fact I think 2020 may be the most active year for adopting out birds in our history. Even better, we didn't have to take as many birds into the program as we do in most years.

We have contingency meeting plans away from the County Complex until it returns to normal, but we don't feel we are ready for that yet. The vaccine is being rolled out, but they don't seem to be very efficient about it, and we want to wait until there is a better situation before exploring our alternatives. But soon, I hope. You will all be the first to know. In the meantime, hang tough and hope for the best! And **HAPPY NEW YEAR!**

Adoptions

This month Oscar, a Meyer's Parrot, was adopted by her foster family, Sabrina and Kyle Shupe.

Tookie, Blue and Gold Macaw, was also adopted by her long time foster family Denise Mersino and Donald Weaver.

Congratulations and Best Wishes!!
