President's Message

Well, the one bright spot to our existence, our Rescue Program, continues to be a bright spot. We are having great success finding really wonderful forever homes for so many of our rescue birds. We have had an uptick lately of birds coming into rescue, but our numbers continue to be good overall. With the rollout of the vaccines, we can look forward to a day when we can return to normal, including, most definitely, club meetings. And not a moment too soon. But it doesn't seem likely before May or June. I hope to see you all soon.

Chase Kimball, WAES President
