### PRESIDENT'S MESSAGE

Dear All; We are now officially in "yellow status" and hopefully on the downward slope of this mess. However, the County Complex is still closed for one more month. Maybe. At least we got to have a great picnic in August, and I was able to see so many of you for the first time in months. Grillmaster Kay was at his barbecuing best, and I ate too many bratwursts and cheeseburgers, but I have put that ugliness behind me now.

Anyway, looking forward to seeing all of you again, and since we are "yellow status" I am crossing my fingers for October. In the meantime, rescue has been very active and we have placed many birds in the past few months, which gives me a great sense of satisfaction. All of you are a part of that also, and should be feeling the same satisfaction about how many birds in potentially desperate situations we help. So we are all still fighting the good fight, and I will see you soon!

WAES President

Chase Kimball
