December 2020

### President's Message

Dear All: Here it is December in the year that will never end. Of course the County is still locked down, but last month we searched for a venue for a Christmas Party and had it ready. But now, with things not really getting any better, and possibly getting worse depending on what people did for Thanksgiving, we have elected to cancel the Christmas Party as well. We are very sorry, but it can't be helped. We shall see how the latest recommendations from the Governor work at reducing the infection rate, but I am not holding my breath, nothing seems to do much good to halt the spread in the USA. With several vaccines on the brink of being approved, we can hope that things will be better soon. In the meantime, don't touch that dial, and for fans of the corny Batman TV show of the 60s, see you next month, "Same Bat-Time, Same Bat-Channel."

Chase Kimball, WAES President

We are happy to report the adoption of the following deserving birds into loving homes:

Natalia, a Moluccan Cockatoo, was adopted by NiCole Hembury and family.

Peanut, an older Blue-fronted Amazon, was adopted by Cheri and Robert Browning.

Also, we received a 4 year old Jenday Conure named Louis into our adoption program this month. See this cute guy on our webpage.
