[Angel - Moluccan Cockatoo](#) ■

[Bo & Rainy - Eastern Rosellas](#) ■

PRESIDENTS MESSAGE

Hello everyone,

It is finally Spring! Now that is warming up; we can all start getting outside and enjoying this beautiful weather. This month's speaker for the meeting is Christafer Roybal, our President, he will be presenting a class on being outside with birds as well as the importance of sunlight for our bird's health.

We are also working on a new chat system for all members to be able to use on their phones and computers, to be able to communicate and talk with board members and other members of WAES. We will be discussing it during the meeting as well. We will also be talking about a few of the plans for future events: we will be trying to get a booth at the Ogden Farmers Market again this year as well as looking into other events that we can join to share the love for the birds we all have. We will also be streaming the meeting on the WAES member Facebook page as well for all of those who can't make it to the meeting to be able to watch.

If you have any questions or suggestions on different events or just in general, please don't hesitate to comment on the live stream, and we will get those voiced during the meeting as we do have someone constantly monitoring those while the meeting is going. We would love to have all of you participate and have your voice heard. Can't wait to see you all!

Sincerely,

Chris Roybal

President, WAES
